PUBLIC HEALTH AGENCY OF SWEDEN

Registration form - Cross-border distance sales of tobacco products to Sweden

Registration Type

Company selling tobacco products to Sweden.

Retail outlets intending to engage in cross-border distance sales of tobacco products to consumers located in Sweden are required to register the sale with the Public Health Agency of Sweden. A retail outlet may only conduct the cross-border distance sales after they have received a confirmation of their registration from the Public Health Agency of Sweden.

It is voluntary to use this registration form for the purposes of the registration of cross-border distance sale to Sweden.

In accordance with the Act (2018:2088) on tobacco and similar products Chapter 5 Section 6, a retail outlet engaging in cross-border distance sales shall exercise self-monitoring and ensure that there is a self-monitoring programme for the business. A self-monitoring programme shall be attached to the registration.

If you have any questions about cross-border distance sale in Sweden, please send them to the following via email address: info@folkhalsomyndigheten.se

The information we collect about you and how we use it

The Public Health Agency of Sweden needs to store and process your personal data as follows:

- Name
- Personal ID number (if applicable)
- Contact details: email address, phone number, address

We do this for the purpose of processing your registration for cross-border distance sales of tobacco products. The personal data we process and other information (e.g. a list of registered retail outlets) may, if necessary, be transferred to a third party where we are obliged to do so by law. However, we will never transfer your personal data to a country outside the EU.

We always apply the relevant privacy laws when processing personal data. The lawful basis for processing your personal data is article 6.1 (e) (public interest) of the GDPR. Our website contains more information about how we process your personal data and the rights you have as an individual:
